

ISX INJECTOR CORE ACCEPTANCE CRITERIA

The following characteristics are found in a good take-out core:

**INTERSTATE-McBEE**

The nozzles should have a part number legible like the image below:

Some other nozzles even have a QR code, which makes it a legit nozzle:

The table below shows the matching nozzle numbers and the core code with the injector part number:

Part Number	Nozzle Number	Core Code
4088665	4088662	C-4088665
4062567	3348357	C-4062567
4062568	4088648, 3331242	C-4062568
4088327	4088660, 4088727, 4088328, 4088329, 4088566	C-4088327
4088301	4088303, 4088658	C-4088301
4928260	4928264, 4010342	C-4928260
4062569	4088652	C-4062569
4954434	4954432	C-4954434
4954888	4954886, 4954487, 4018827	C-4954888
4928262	4928266	C-4928262

**NOTE: Cores must be like for like (i.e. same part number as the rebuilt injector ordered).**
