

INTERSTATE-McBEE

Serving the diesel and natural gas industry for over 65 years.

New Product Release – November 2014 Interstate-McBee adds Complete C9 Caterpillar® Engine Line

The C9 engine series covers a wide spectrum of applications including generators, industrial units, truck engines, marine engines as well as a multitude of popular off highway machine models. To facilitate maximum coverage, Interstate-McBee has developed Engine Kits and Custom Gasket Sets for this broad engine application. These Engine Kits contain only high quality forged steel piston crowns for maximum strength and durability. The piston rings are manufactured using the latest industry technologies, including gas nitride processing and hard chrome plating, resulting in a superior wear resistance. Our popular and acclaimed Custom Gasket Sets, which are manufactured in house at our Cleveland Headquarters, contain components made from the finest tier one sealing materials, giving our gaskets and seals the highest durability and maximum reliability. Please see the tables to the right and on next page listing the Engine Kit and Gasket Set part numbers. A complete parts catalog is in development and should be available December 2014.

Now Open

Interstate-McBee Houston, TX Distribution Facility

Interstate-McBee, LLC would like to announce the opening of a new distribution facility in Houston, Texas.

Located in North Houston at 1755 Transcentral Court, this site will enable us to efficiently service the Central and Southwest areas of the United States. Along with our other branches and manufacturing locations in Ohio, California and Florida, we can now deliver anywhere within the continental U.S. within the time frame which our customers demand.

Interstate-McBee has proudly provided high quality aftermarket replacement fuel injection, diesel and natural gas engine components for Caterpillar®, Cummins®, Detroit Diesel®, Navistar® and Waukesha® engine applications around the globe for over 65 years. Along with the new facility addition, we will continue our long tradition of service and quality.
