ECOTIP[®] SUPERSTACK Injector

Patented ECOTIP Technology Reduces Smoke and Emissions While Saving Fuel

The high performance “Green Tag” injector saves up to 3% fuel at full load and up to 2% at medium duty, while reducing particulates by 44%. Reduced cylinder peak pressure provides better engine response and longer life for engine components. Optimized performance translates into reduced costs using the Ecotip Superstack injector.

Your Pollution Solution

- FUEL SAVINGS
- REDUCE PARTICULATES BY UP TO 44%
- REDUCE SMOKE OPACITY BY UP TO 75%
- LOWER TOTAL COSTS
