## New Product Release January 2018

New Replacement Caterpillar® Products from Interstate-McBee

### D3500 Model Cylinder Kits

With the addition of the **M-CK2995204P** and **M-CK3145005P Cylinder Kits**, Interstate-McBee offers complete engine rebuild coverage for many Caterpillar® D3500 model powered generators, machines and industrial applications. Each **M-2995204** and **M-3145005 Piston** is a one-piece *forged* steel unit which offers maximum strength and durability required in the demanding machine applications they service. The cylinder kits include induction hardened liners and premium quality ring sets for better sealing and lower oil consumption.

Interstate-McBee is proud to announce the addition of the two new turbochargers for C15 ACERT engine models. The **M-2321811 Low PSI Turbocharger** and the **M-2514820 High PSI Turbocharger** are used on engines with ESNs BXS, MXS and NXS, and are manufactured to meet demands of this popular application. These new units are competitively priced and contain the mounting gaskets making them ready for installation without any cumbersome core returns needed.

Contact an Interstate-McBee representative for more details and applications.

## New Product Release January 2018

Expanded Coverage for Cummins® ISX/QSX Engines

### Intake Valve and Valve Insert

Interstate-McBee is now offering the optional new premium two piece valve alternatives. The **M-3685996 Intake Valve** which is commonly found in many ISX/QSX models, and the **M-4393425 Intake Valve Insert** which is found in Dual Cam ISX/QSX models only. Both items are manufactured from premium materials to improve strength against acid corrosion and thermal fatigue that are the primary contributors of chordal fractures.

### Pin and Roller Kits

Interstate-McBee is now stocking the **M-4026780PR** and **M-4026779PR Pin and Roller Kits** as repair alternatives for ISX/QSX models with 15mm cam follower rollers. These kits can be used on most engines produced thru the 2002 model year. Each kit contains one new hardened steel roller, new pin and new lock pin which are all made in the USA.

These Interstate-McBee exclusive kits affords our customers inexpensive alternatives to complete replacement of the rocker arm.

## New Product Release January 2018

Additional Cummins® Engine Application Coverage

### DPF Intake Clamps

Interstate-McBee is also now stocking two new popular sizes of Intake V-Band Clamps for Cummins® DPF units. Each clamp is made from corrosion resistant stainless steel and contains a high strength latch for durability.

Contact Interstate-McBee for applications.

### B Series Connecting Rod Bearings

**M-3939380** Connecting Rod Bearing - Lower

**M-3939390** Connecting Rod Bearing - Upper

The above connecting rod bearings are now available to service the 4 cylinder B-Series 4.5L engines which contain fracture split type connecting rods. Each bearing is made of a tri-metal construction for durability and are tin plated for improved scuffing resistance.

### ISB/QSB Thermostat Kit

Interstate-McBee has expanded to our line of convenient and economical engine cooling items by adding the **M-5292712 Thermostat Kit**. This kit fits the popular ISB/QSB 4 Valve engine models and replaces the previous M-4929644 kit. The kit contains one vented 190°F (87.8°C) thermostat and the accompanying M-3954829 seal.

## New Product Release January 2018

### Cummins® ISC/QSC Piston Kit

We are pleased to announce the release of **M-3800320 Piston Kit**. Engine applications include the ISC automotive & QSC construction/industrial models. This kit includes the latest progression CNC diamond turned piston body for proper cylinder clearance, as well as a hard anodized dome for better heat dissipation. The kit also features premium chrome plated piston rings for increased durability.

In addition to this Piston Kit, Interstate-McBee announces corresponding Engines Kits for the convenience and value our customers expect.

Part #	Description	CPL
M-3800320	Piston Kit	2229, 2238, 2239, 2298, 2481,
IF3800320	In Chassis Engine Kit	2695, 2892, 8056, 8151, 8152,
OH3800320	Overhaul Engine Kit	8264, 8367, 8375

### Cummins® QSK19/ QSK38 / QSK50 Piston

Interstate-McBee is now stocking the **M-4352370** and **M-4955325 Piston Kits** which include the newest style one-piece FCD (Ferrous-Cast-Ductile) iron piston body, piston pin and pin retainers. These one-piece type pistons replace the earlier production two-piece articulated pistons and are more durable and exhibit better heat distribution.

When servicing earlier units, these pistons must be only used in full engine sets. The former two-piece and this current one-piece cannot be mixed in an engine.
