CYLINDER HEAD REBUILD COMPONENTS

FROM YOUR TRUSTED SOURCE OF HIGH QUALITY PARTS

A full line of replacement parts for DD15 engine applications is in stock for immediate delivery. The intake and exhaust valves feature chrome-plated stems for wear resistance and are constructed of high-temperature super alloy for added durability. A replaceable valve guide is also available for servicing the high wear area of the cylinder head. Contact the parts professionals at Interstate-McBee for more information and exact applications.
