## MaxxForce® DT Inframe Kits

Interstate-McBee is now assembling kits for popular 2010 MaxxForce® DT applications, which contain the common parts needed for an inframe overhaul. The **MCB1893941** kit includes cylinder kits with connecting rod bolts, rod bearings, main bearings, an oil pan gasket, and a cylinder head replacement gasket set with new head bolts. The **M-1891377C1** piston features a cast-in cooling gallery to help regulate temperature in the piston crown and ring area. To overcome the harsh EGR environments faced by this application, the cylinder liner is manufactured from hardened alloy cast iron for long term durability.
