## 4045 / 6068 Overhaul Kits

At Interstate-McBee, we're always hard at work developing new product lines to meet the demands of the aftermarket. After much planning and research, we're proud to announce high quality engine overhaul kits for John Deere® engine applications. These new kits are available for the 4045 and 6068 engine series, Non-Cert, Tier 1, and Tier 2 Engines. These kits feature the necessary components (listed below) for a major overhaul of these popular engine applications. Interstate-McBee will continue to release John Deere® replacement parts in the future so stay current by visiting our website and following our social media accounts. For exact applications or other questions on our brand new line of John Deere® replacement parts, contact the diesel experts at Interstate-McBee.
