CATERPILLAR®

3406E/C15 Camshafts

Interstate-McBee continues to expand their line of high quality camshafts for popular engine applications. These new replacement Caterpillar® camshafts are designed and manufactured using industry-leading quality and manufacturing standards. These heavy duty parts feature induction hardened wear surfaces with a refined finish to provide superior performance. Precise timing and lift characteristics are measured using computer aided test equipment to ensure the highest quality product. Please contact Interstate-McBee for exact applications.

New Arrivals Include:

Part Number	Application	Description	Common ESNs for Reference*
M-3327309	3406E	Camshaft	5EK, 6TS
M-3323722	C15	Camshaft	SDP
M-3327299	C15	Camshaft	MXS
M-2237467	C13	Camshaft	KCB, JAM

**Always contact the parts professionals at Interstate-McBee for exact applications*

CUMMINS®

ISL9/QSL9 Piston Kits

New piston kits are available for Cummins ISL9 and QSL9 engine applications. New pistons feature gallery cooling and precision diamond turning for demanding CM2150, CM2250 and CM2350 applications. McBee piston kits include piston, piston rings, piston pin, and retainers. Contact the parts professionals at Interstate-McBee for additional details.

Part Number	Description	Application
M-4956109	Kit - Piston	ISL9, CM2250
M-2882043	Kit - Piston	ISL9, CM2250
M-4309527	Kit - Piston	ISLE, CM2250

NEW PRODUCT RELEASE

JANUARY 2022

JOHN DEERE®

6090 Cylinder Kits

Interstate-McBee has added two new cylinder kits covering some of the most popular John Deere® 6090 tier 2, 3, and 4 engine applications. These new kits offer highly robust forged steel pistons to match OEM grade along with added piston pins not offered in the OEM kits.

Cylinder Kits Include:

- Forged steel, friction welded **piston** for added strength and durability
- Ductile cast iron **liner** designed to resist high cylinder pressures found in the diesel engine environment
- **Sealing rings** made from select materials and designed to provide optimum sealing capability
- Hardened and tempered **piston pins** for strength and wear resistance
- Cast iron **piston rings** with top grade coating design to minimize oil consumption and assure extended life

Part Number	Description	Application
M-DZ10211	Kit - Cylinder	6090
M-RE529264	Piston	6090
M-DZ110134	Kit - Cylinder	6090
M-RE555132	Piston	6090

The **RE529264** and **RE555132** piston are used in a multitude of applications and machine models. This piston as well as the full cylinder kit are now in stock and available for sale. Contact Interstate-McBee for more details and exact applications.

DETROIT DIESEL®

DD15 Sensor Pressure

The latest part added to McBee's growing list of engine sensors is the new **A-A4721530028** Pressure Sensor. This exhaust after-treatment pressure sensor is designed to precisely communicate with the engine's electronic control module to keep the engine running at peak efficiency. Contact Interstate-McBee for exact applications.

Part Number	Application	Description
A-A4721530028	DD15	Sensor - Pressure
