ISLG OVERHAUL KITS NOW AVAILABLE

New engine overhaul kit **MCB5633416** is now available for Cummins® ISLG 8.9L CM2180 engine applications. The upper gasket set included in this new kit contains the updated head gasket along with high temperature seals. This engine kit also contains piston kit **M-5406084** which features a forged steel crown and skirt with graphite skirt coating for improved scuff resistance. Additionally, the piston kit contains new piston cooling jets. Contact Interstate-McBee for more details.

Part Number	Description	Application
