

INTERSTATE-McBEE

Caterpillar® C13 On-Highway Cylinder & Engine Kits

Interstate-McBee is pleased to announce the addition of M-3882310 Piston to our product offering for Caterpillar® C13 on-highway engine applications with engine serial number prefixes of KCB, JAM, and LEE. These component steel pistons feature a friction welded, forged upper crown and skirt area for superior strength. Graphite coating is used to help reduce friction in the skirt area. This new addition will enable us to offer the complete line of Cylinder and Engine Kits required for complete service of these on-highway engines.

More Features and Benefits:

- ◆ Induction hardened cylinder liners
- ◆ Forged alloy steel pistons for superior strength
- ◆ McBee Style Caterpillar Custom Gasket Sets
- ◆ Select o-ring seal materials to prevent coolant leaking and oil contamination
- ◆ Piston rings made from alloy cast iron or steel where required and coated on ring faces with wear resistant materials for extended wear characteristics

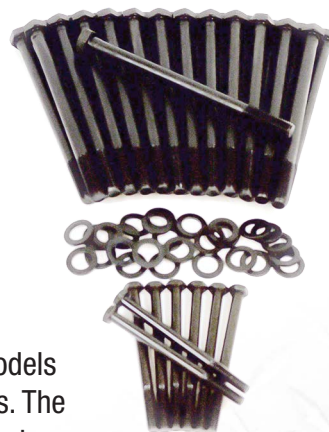

Engine Kits Contain:

- ◆ Pistons (Friction Welded)
- ◆ Piston Pin Retainers
- ◆ Main Bearings
- ◆ Connecting Rod Bearings
- ◆ Piston Pins
- ◆ Piston Ring Sets
- ◆ Thrust Bearing
- ◆ IF/OH Gasket Set

C13 Exhaust Stud Kit - MCBC13ESK

This new kit is assembled to fit Caterpillar® C11 & C13 models with low turbo charger mounting or low cab forward chassis. The kit contains all the made in the USA hardened studs, locknuts, washers and spacers needed to mount the exhaust manifold.

C13 Head Bolt Kit

The USA-produced MCBC13HBK offers a convenient and economical choice when installing the Cylinder Head on C13 model engines. Each kit includes 26-Head Bolts, 26-Hardened Washers and the 8-Perimeter Bolts, which are all one-time use items.

INTERSTATE-McBEE

Remanufactured Fuel Injectors for Caterpillar® C13 Engines

Interstate-McBee has added to our line of reliable and cost saving Caterpillar® Remanufactured Fuel Injectors. Each item is engineered to the specific standards called for by the application and fully backed by our comprehensive Interstate-McBee warranty.

Interstate-McBee Injectors Feature:

- ◆ Each injector includes a new Trim Code which increases fuel efficiency and accuracy while reducing emissions.
- ◆ The Trim File CD is included in the packaging with loading instructions.
- ◆ 100% surface lapping of critical components ensures pressure sealing of sub-assemblies.
- ◆ Complete set of new installation o-rings for proper seal between the injector and the cylinder head.

C13 Turbochargers

Interstate-McBee offers two popular options for Caterpillar® C13 turbochargers - a low pressure (M-2395581) and a high pressure (M-2847707) assembly for on-highway engine applications with engine serial number prefixes KCB and JAM. These brand new assemblies include mounting gaskets and are competitively priced, complete units ready for installation without any cumbersome core return policy.

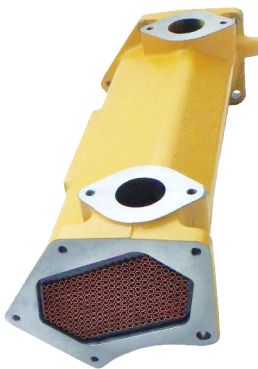

M-2395581

M-2847707

C11-13 Oil Cooler Core

Interstate-McBee is now offering the M-2368745 (10R2128) Oil Cooler Core for popular C11 and C13 engine applications.

Each core features a cast housing and copper exchange tubes. Contact a Customer Service Representative for the matching seals and gaskets required for proper installation.

Additional Items Available from Interstate-McBee

- ◆ Connecting Rod Bushings
- ◆ Valve Train Components
- ◆ Oil Pump
- ◆ Camshaft Bearings
- ◆ Injector O-Ring Kits
- ◆ Injector Sleeves
- ◆ Front and Rear Seals
- ◆ Engine Hardware Kits
- ◆ Sensors
- ◆ Oil Pan Isolators
- ◆ Water Pump
- ◆ Thermostats
