Interstate-McBee Custom Head Gasket Sets for Caterpillar® 3406E/C15 Truck Applications

Interstate-McBee continues to expand coverage for Caterpillar® engine applications. The C15 engine is one of the most popular engines produced and is found in generator sets, machines, and on-highway truck applications. Our custom gasket sets have been developed to be an all-inclusive kit for servicing all C15 cylinder heads giving the customer ease of ordering and installation over multiple engine serial numbers and application.
