CUMMINS®

QSK60G Engine Kits

Interstate-McBee is proud to expand coverage for Cummins® spark-ignited natural gas applications with the addition of new replacement piston and liner kits. These kits are designed for QSK60G engine applications and are manufactured to Interstate-McBee's demanding quality standards.

Features and Benefits:

- FCD type piston for long lasting reliability
- Nitride cylinder liners built for heavy duty applications
- Pistons include hardened piston pins, ring sets, and retainers
- Cylinder liners include coated seals for ease of installation

Part No.	Description	Application
MCB4089506	Kit - Piston	Cummins® QSK60G
M-4089143	Kit - Cylinder Liner	Cummins® QSK60G

CUMMINS®

ISX/QSX HPI Fuel Pumps

Interstate-McBee is now stocking brand new replacement fuel pumps for ISX and QSX HPI applications. These pumps are manufactured to meet the highest standards of quality and include the necessary mounting gaskets for ease of installation. Unlike rebuilt pumps, these replacement pumps are brand new, so a core return is not required. The experts at Interstate-McBee are ready to provide details and application information.

Part No.	Description	Application
M-4089163	Fuel Pump	ISX/QSX HPI
M-4089431	Fuel Pump w/ Buffer	ISX/QSX HPI

CUMMINS®

ISX-HPI Nozzle Check Valve Assembly

Interstate-McBee is offering a limited time price reduction on replacement nozzle check valves for ISX-HPI applications. These check valves are sold in sets of six and manufactured to meet the highest performance standards. Order now while supplies last.

Part No.	Description	Application
M-4076981-6	Check Valve (six pack)	ISX-HPI

NEW PRODUCT RELEASE

DECEMBER 2023

CUMMINS®

X15 Inframe Kits

Interstate-McBee's impressive line of ISX replacement products just got even better with the addition of new inframe overhaul kits for ISX15 CM2350 applications. These brand new kits are expertly assembled with the high quality components listed below. Both kits also feature APR (Anti Polishing Ring) liners designed to prevent carbon buildup from accumulating on the cylinder walls.

Features and Benefits:

- Forged steel pistons with graphite skirt coating for strength and durability
- Induction hardened cylinder liners for increased wear resistance
- Coated liner seals for ease of installation
- Gasket sets manufactured from top grade materials to ensure a reliable seal

Part Number	Description	Application	CPL
M-5579309	Kit- Inframe	ISX15	4342
M-5405829	Kit - Piston	ISX15	
M-5579308	Kit- Inframe	ISX15	4343
M-5405828	Kit - Piston	ISX15	

CUMMINS®

ISX12 Bearings

Newly added for ISX12 applications, these replacement engine bearings are manufactured with high grade materials, featuring tri-metal construction for heavy-duty durability. Both main bearings and connecting rod bearings are now available and in stock. Call Interstate-McBee for more details.

Part No.	Description	Application
M-2881961	Bearing Set - Main	ISX12
M-4309174	Bearing - Connecting Rod	ISX12

CUMMINS®

Mid-Range Ignition Coil

Our extensive offering of replacement parts for Cummins® mid-range engine applications continues to grow with the addition of a new replacement ignition coil and coil extension. This ignition coil is designed for coil-on-plug systems and ships to you brand new with no core charge. For application information, call the parts experts at Interstate-McBee.

Part No.	Description	Application
M-5626388	Ignition Coil	Midrange Cummins®
M-5626390	Ignition Coil Extension	Midrange Cummins®
