

CATERPILLAR®

Select C15/C18 Rocker Arm Assemblies

Interstate-McBee is now stocking a selection of replacement rocker arm assemblies for select C15/C18 applications (w/o compression brake). Rocker arms are forged with high strength alloy steel and machined for an exact fit.

Part Number	Description	Type	Application
M-4373861	Rocker Arm Assembly	Injector	C15, C18
M-4373863	Rocker Arm Assembly	Valve - Intake	C15, C18
M-4373869	Rocker Arm Assembly	Valve - Exhaust	C15, C18

These brand new assemblies also include:

- Alloy steel axel pins where required, with DLC coating
- High strength carbon steel rollers
- Steel backed bushings, produced with copper lead alloy

CATERPILLAR®

C32 Rocker Arm Shaft

Our valve train offering for C32 applications is also expanding with the addition of new rocker arm shaft **M-3134085**. This new, alloy steel shaft is machined for wear resistance and hardened for durability under intense conditions.

 The parts experts at Interstate-McBee are available to take your calls Mon. - Fri. from 8:00 am - 8:00 pm Eastern

Part No.	Description	Application
M-3134085	Rocker Arm Shaft	C32

CATERPILLAR®

C32 Connecting Rod Bearing - .63

In addition to our new rocker arm shafts, Interstate-McBee is also adding a new replacement connecting rod bearing to our offerings for C32 applications. Each bearing is made with tri-metal construction including tin plating for durability and scuff resistance. These bearings accommodate a machined crankshaft.

Part No.	Description	Application
M-3410060	Connecting Rod Bearing - .63	C32

CATERPILLAR®

D3500 Lifter Assemblies

Another product line that we are dedicated to growing is our replacement line for D3500 applications. We're now offering two new replacement lifter assemblies for this popular series of engines. The rollers are built from high strength steel to provide the necessary hardness to withstand demanding conditions and high-stress fatigue. Rolling surfaces and lifter bodies are precision machined for exact fit and effective load carrying capacity.

Part No.	Description	Type	Application
M-5744543	Lifter Assembly	Valve	D3500
M-2827944	Lifter Assembly	Injector	D3500

CUMMINS®

X15 Camshaft

New for X15 CM2350 applications is replacement camshaft **M-3690406**. This camshaft is manufactured using industry-leading quality standards.

The precise timing and lift characteristics are measured using computer aided test equipment to ensure a meticulous degree of accuracy. The induction hardened wear surfaces and refined finish come together to provide a superior product.

Part Number	Description	Application
M-3690406	Camshaft	X15

CUMMINS®

X15 Water Pump

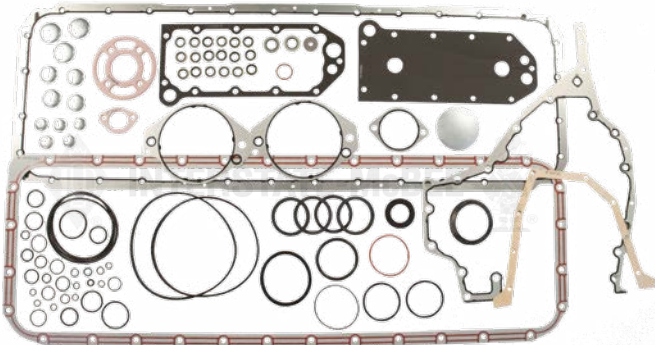

Also available for X15 CM2350 applications is our newest replacement water pump. Consider replacing your pump at the time of your next overhaul with this cast iron assembly from McBee. These pumps are manufactured to industry standards and include the necessary mounting bolts and seal ring for ease of installation. This pump is brand new so there is **no core return needed**.

Part Number	Description	Application
M-5406048	Water Pump	X15 CM2350

CUMMINS®

ISL9 Lower Engine Gasket Set

Due to customer demand, Interstate-McBee has developed a new lower engine gasket set for ISL9 applications. This collection of replacement gaskets is used primarily on 8.9 liter, Euro VI automotive engines. The set contains oil pan gaskets, crankshaft seals, and plenty more. Visit Interstate-McBee.com for access to our full collection of product catalogs featuring replacement parts for midrange applications and more.

Part No.	Description	Application
M-5472966	Gasket Set - Lower Engine	ISL9

NAVISTAR®

DT466E Oil Pump Kit

Our family of replacement products for Navistar® applications continues to grow with the addition of our latest oil pump kit. Constructed from high quality cast iron, this replacement pump offers the strength and rigidity needed for the most demanding applications. Unlike rebuilt pumps, our replacement oil pump is **brand new** ensuring consistent and reliable performance out of the box, and includes the necessary mounting gaskets for ease of installation.

Part No.	Description	Application
M-1833356C95	Kit - Oil Pump	DT466E

NAVISTAR®

DT466E/DT570 Oil Cooler Kit

Interstate-McBee is now stocking a new replacement oil cooler kit for popular DT466E / DT570 (MY 2004 & up) applications. This high quality kit includes a brand new, 33-plate core and all necessary mounting seals and bolts for a seamless installation. For additional information and availability, please contact our team at Interstate-McBee.

Part No.	Description	Application
M-1842127C95	Kit - Oil Cooler	DT466E/DT570

NAVISTAR®

MaxxForce/DT Valve Cover Gaskets

Now available from Interstate-McBee is the **M-1882222C93** Valve Cover Isolator Seal and integrated injection wiring harness. This replacement cover gasket assembly is compatible with Navistar® DT466E and DT530 engine applications. The parts experts at McBee can assist with matching the right part to your engine.

JOHN DEERE®

6090 Engine Kits

Interstate-McBee is proud to announce the addition of two new engine kits for our growing line of John Deere® 6090 Tier 2 and 3 replacement engine parts. These sets include the required components for major overhaul or inframe overhauls for these popular engine applications. Interstate-McBee will continue to release John Deere® replacement parts in the future so stay current by visiting our website and following our social media accounts. As always, the parts experts at McBee are standing by to assist in ordering the right replacement parts for your engine.

What's in the box? Scan here or visit us on YouTube to watch the unboxing of a full inframe kit.

Features and Benefits:

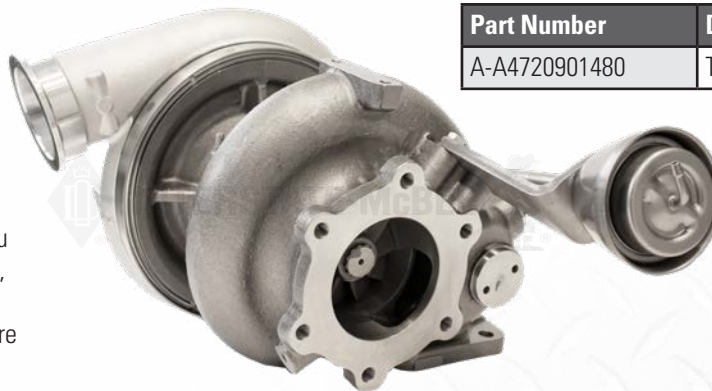

- Forged steel, friction welded piston for added strength and durability
- Ductile cast iron liner designed to resist high cylinder pressures
- Graphite composite head gaskets with steel backbone to provide optimal strength
- Gasket sets manufactured from top grade materials to ensure a reliable seal

Part No.	Description	Application
M-DZ10599	Kit - Overhaul	6090
MCIFDZ10599	Kit - Inframe	6090

DETROIT DIESEL®

DD15 Turbocharger

For popular DD15 applications, Interstate-McBee is now offering replacement turbocharger assembly **A-A4720901480**, complete with mounting gaskets and wastegate. If you've experienced a loss of engine power, a replacement turbocharger from Interstate-McBee may be just the thing you need. Because this is a brand new product, **no core return is required** to purchase. Contact our customer support team for more information on this brand new part.

Part Number	Description	Application
A-A4720901480	Turbocharger	DD15

Our replacement line for DD15 is growing.
