Serving the Diesel and
Natural Gas Industry for
over 70 years
"Quality without Compromise"

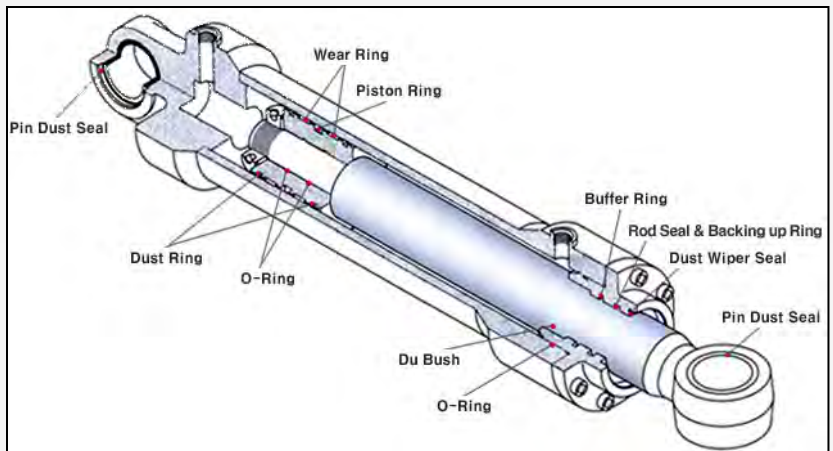

Caterpillar® Hydraulic Seals and Kits

Interstate-McBee understands customers' needs for the highest quality engine parts at reasonable prices that are delivered in a timely manner. We also know our customers would like to purchase all the items necessary to complete a job from one supplier. That is why we have added hydraulic seals and kits for Caterpillar® engine applications to our catalog. Many of these are the smaller and often overlooked items that are needed to complete the job right.

Since most of these items are used on many applications, Interstate-McBee has competitively priced them so they can be stocked and always on hand.

Interstate-McBee has put each of these items through rigorous quality assurance and field testing to ensure our customers the highest quality product. And, as always, every part purchased from Interstate-McBee comes with our comprehensive 2 year unlimited mileage/hours warranty.

Contact an Interstate-McBee representative for more information.
