- **FIVE DISTRIBUTION CENTERS IN THE USA FOR ON-DEMAND SHIPPING AND MINIMIZED DOWNTIME**
- **BACKED BY ROBUST QUALITY ASSURANCE AND 2-YEAR WARRANTY**

DESIGNED FOR A DIFFERENT KIND OF COMBUSTION

Natural gas engines rely on spark ignition and require different compression characteristics than their diesel counterparts. The piston's combustion bowl is specifically designed to support these requirements, with a deeper bowl geometry that helps achieve the appropriate compression ratio for the application.

DIESEL PISTON

NATURAL GAS PISTON

"WE REBUILD ALL OF OUR OWN CAT CYLINDER HEADS USING ONLY INTERSTATE McBEE PARTS WITH 100% SATISFACTION AND ZERO FAILURES DUE TO PARTS."

—**Scott Coe,**
Emerald People's Utility District

MARKET OPPORTUNITY

Although diesel and natural gas engines are separate markets, the two have **significant crossover** in terms of the replacement parts available. Whether natural gas is a new opportunity or already your specialty, Interstate-McBee makes your job easier with extensive rebuild kit coverage in both markets and decades of engine expertise to back this up.
